# Message from the President and CEO

On behalf of the Bow Valley College community, congratulations!

Convocation is about you! It is an occasion when the college community, family, and friends come together to celebrate your significant achievement. That you have made it to this day is a testimony to your resilience, creativity, and commitment. By challenging your thinking, you gained the work-ready skills to make a difference in our communities and contribute to Alberta's economy.

Take a moment to reflect on the encouragement you received from others along your journey. Your supporters helped you to be your best, and they are excited for what you will accomplish next.

A Bow Valley College education opens doors for your future and provides new opportunities. You have the skills to get jobs or to be job creators. As you embark on your next career steps as a member of this alumni community, know that we will continue to be here to help you reach your lifelong learning goals.

Congratulations once again on your achievement. You have worked hard, and we are confident you will achieve great things. Good luck!

Sincerely,

**Dr. Misheck Mwaba**  
President and CEO

# Distinguished Speakers

## **Tori Romano**

### **Digital Media & Entertainment, Business Development Calgary Economic Development**

Tori Romano leads the Digital Media & Entertainment portfolio at Calgary Economic Development. Tori's priority sectors include animation, visual effects (VFX), gaming, esports, and immersive experiences. Tori has a professional background in project management and 3D animation production, and an educational background that includes a Bachelor of Arts from Simon Fraser University and a Master of Digital Media from the Centre for Digital Media in Vancouver. Tori is responsible for leading two key province-wide strategies providing recommendations for growing the animation, VFX, and esports sectors in Alberta. Outside of work, Tori is actively involved in the community, advocating for girls in sport as the head coach of a volleyball club.

**Marc Seaman**  
**Vice-President**  
**Education Segment Microsoft Canada**

Marc Seaman has been in leadership and management roles for the past 30 years, including leading various divisions across Canada for Microsoft since 2004.

Marc previously held senior roles with the Ottawa Senators NHL Hockey Club and the Ottawa Rough Riders CFL team as well as serving as an advisor to organizations such as the RCMP, UPS, Skills Canada, the Canadian Air Force, CN Railway, and Canada Post.

Marc has a strong passion for community engagement, board governance, and corporate leadership serving as a director and governor on several boards for the past 25 years including the University of Ottawa and the Ottawa Hospital Network, and most recently as Chair of the National Capital Commission. He also served as a jury member for the Premier's Awards in Ontario celebrating outstanding college graduates from across the province, and as a member of the organizing committee for the One Young World Global Forum.

A graduate from the University of Ottawa, his professional achievements have earned him the International Association of Business Communicators Award of Excellence, and he was a recipient of the *Ottawa Business Journal's* Top Forty Under 40.

# Governor General's Academic Medal Recipient

## **Jessica Wilkinson** **Software Development, School of Technology**

A born and raised Calgarian, Jessica is also a world traveler who journeyed and lived abroad for five years.

With degrees in English and Education from the University of Calgary, Jessica first considered a career in technology after returning to Canada from her global adventure.

Jessica enrolled at Bow Valley College because of its positive reputation with mature students, and for the short length of the Software Development Diploma. As the recipient of Women Pivoting into Technology bursary, Jessica was able to study full-time, with a full course load, including online classes with students from around the world.

In addition to having a challenging, meaningful, and rewarding career, Jessica would like to help women in building more equity in the technology workforce. "I'm excited to forge a new future for myself and hope I can hold the door open for other women to achieve their dreams in technology."

# Valedictorians

**Luisa Echeverry**

**Advanced Visual Effects, Centre for Entertainment Arts**

Luisa first came to Canada in 2014 for a summer camp and knew right away she wanted to eventually move to the country. A year after graduating from high school in 2020, Luisa made the move to Canada.

After looking into studying at Bow Valley College and being intrigued, Luisa enrolled in the advanced visual effects program in the Centre for Entertainment Arts and realized she had found her calling.

While she didn't have any clear career aspirations when first applying to attend Bow Valley College, Luisa's dream now is to work on large scale movies for major studios.

Luisa praises the Bow Valley College community for its supportiveness, and in particular, her instructors in the Centre for Entertainment Arts who have guided her.

"I feel like I found my people here at Bow Valley College and like Hellen Keller said, 'Alone we can do so little; together we can do so much.'"

## **Raquel Duarte** **Digital Design, School of Technology**

Originally from Brazil, Raquel began her career in health care as a registered nurse, and later as a project manager for the Brazilian National Health Inspection Department. Raquel moved to Canada almost 10 years ago and enrolled in Bow Valley College's English program to improve her language skills. This marked the beginning of a transformative chapter as she moved into early childhood education, then into technology.

She returned to Bow Valley College, in the Digital Design Diploma program. Her love of motion graphics and UI/UX (user interface and user experience) has fueled her career aspirations, including potentially becoming an instructor.

Last term, she received a scholarship based on her academic performance, and took on a research project with one of her instructors, which allowed her to apply her classroom learning to real world situations.

What stands out to Raquel about Bow Valley College are the instructors and staff who genuinely care about student success, and the classmates who have become like family. "At BVC, I found beauty in imperfection, laughter in tears, strength in unity, and purpose in every challenge. I was constantly inspired by the creativity surrounding me."

# Welcome to the Alumni Community

**Amanda Herd,  
Practical Nurse Diploma, 2024,  
School of Health and Wellness**

Before starting the practical nurse program at Bow Valley College, Amanda earned a degree in education from the University of Winnipeg in 1998.

As a single mom of two, she spent years caring for children in her community and supporting their parents. Seeking more career fulfillment as her children got older, Amanda took the advice of a nurse at a blood donation clinic who suggested she try nursing. She got into the program at Bow Valley College a month later.

"I had no idea I was capable of the things I was capable of, like the ability to get really good grades and help my fellow students learn," says Amanda. "I just never took the chance on myself. The whole experience has empowered me."

Now, she's looking forward to taking the next steps as she graduates.

"There are so many possibilities. Bow Valley College sets you up to be successful," Amanda says. "My whole world is starting up again - I feel like a kid again. To be able to show your children that education is possible at any time - it's a gift."
