Academic Information

Note: The following sections represent a summary of select policies impacting learners. Please refer to bowvalleycollege.ca/publications for a complete listing of learner policies and links to official policy documents.

ACADEMIC HONESTY

Academic honesty is expected of all learners enrolled at Bow Valley College. Academic dishonesty is a serious offence and will result in consequences ranging from a reprimand to expulsion from the College.

Acts of academic dishonesty include, but are not limited to, the following:

- Plagiarism: that which is represented as one's own work and has been deliberately copied from any outside source, including other learners' work.
- Cheating: copying, falsifying, stealing, or aiding others in such dishonest activities.
- Modification and/or falsification of documents or records.
- Theft, or attempted theft of examination or any academic materials.

The department, in consultation with the program coordinator and the instructor, will administer penalties.

Penalties will be documented and stored on the learner's file in the Registrar's Office. Learners expelled for academic dishonesty will be assigned a withdrawal code.

Bow Valley College has an established appeals process, as outlined in the learner appeals section of this Handbook, for learners who wish to have a decision reviewed.

ACADEMIC CONTINUANCE AND GRADUATION

The College's Academic Continuance and Graduation Policy requires that learners maintain Satisfactory Academic Standing by achieving certain grades in their courses in order to continue in their programs and graduate. The following are the usual requirements for Satisfactory Academic Standing:

Academic Information

- Learners in Credit Certificate and Diploma programs* must have a Grade Point Average (GPA) of at least 2.0.
- Learners in Upgrading and English Language Learning credit programs must have a Grade Point Average (GPA) of at least .67.
- Learners in all programs must pass all of their courses.

The GPA is based on the “Grade Point Value” of the final course marks according to the grading chart (See “Grading” below):

In general terms, a GPA is an average of the Grade Point Values for each course.

Eligibility to Graduate

In order to graduate, learners will need to have the minimum GPA for Satisfactory Academic Standing as stated above. Some programs may also have additional or other requirements for graduation.

Academic Probation

Based on their final grades in their courses, learners who do not achieve the requirements for Satisfactory Academic Standing will be put on Academic Probation in the following term. Academic Probation is meant to inform and warn learners that they have not met the requirements for staying in the program and graduating and provides them with an opportunity to demonstrate better academic performance and achieve the marks needed to return to Satisfactory Academic Standing. If a learner on Academic Probation is successful in improving his or her academic performance as required, the learner will return to Satisfactory Academic Standing the next term and will no longer be on Academic Probation.

Learners’ final marks will be reviewed at the end of each term and learners who have not met the requirements for Satisfactory Academic Standing will be notified by email several weeks after the end of the term that they are on Academic Probation.

Required to Withdraw

Learners who are on Academic Probation will be withdrawn from their program at the end of the term on which they are on probation if they 1) do not achieve the required marks for Satisfactory Academic Standing, or 2) fail the same course a second time. It is important to note that the average GPA for all courses taken in the

Academic Information

program is used as well as the GPA for the term. That means that to achieve the average GPA required, learners on Academic Probation may need to achieve higher than the minimum GPA stated above in order to bring up their overall average to return to Satisfactory Academic Standing and avoid being withdrawn.

Note that the Practical Nurse, Health Care Aide, and the Pharmacy Technician programs have specific standards that, if not met, will result in withdrawal. Also note that learners on Alberta Works or other funding may need to meet other requirements specific to that funding in order to continue to be eligible to continue to receive funding.

Learners who have been required to withdraw will not be allowed to reapply to start the program again until 12 months have passed and will require special approval to be readmitted. In some cases, programs may have different rules for readmission.

Attendance

Bow Valley College believes in the importance of attendance and its relationship to achievement. There is no mandatory attendance requirement that is applied across all College programs; however, certain programs have attendance expectations that arise from the program design and delivery. Where this is the case, students will be informed and programs will monitor attendance.

Academic Information

In the event that grades are not submitted within the published grade submission deadline, a grade of I will be entered. It is the responsibility of the learner's academic department's to update the I grade to a final grade within 30 days of the end of the course.

A grade value of 1 may not be sufficient to proceed to courses for which it serves as a prerequisite. A Grade Point Average (GPA) of 2 is required for graduation. Each department will ensure that the required GPA for prerequisite courses is stated on all course outlines.

The below dates can be found at:

bowvalleycollege.ca/ImportantDates

LEARNER APPEALS

The Appeals policy and procedure at Bow Valley College is designed to ensure that learners who believe that they have not received a fair academic or disciplinary decision by the College will have access to a thorough, respectful, and impartial review of their concerns. The College maintains policies and procedures for the resolution within the College setting and respects the dignity of all parties concerned. Grade appeals require the submission of a Learner Appeals Form

Academic Information

within 5 class days of receiving the grade. Appeals of final grades must be submitted within 30 calendar days of the release of the final grade. You can submit a Learner Appeals Form (available at myBVC.ca) to the Chair, Learner Appeals Committee at registrar@bowvalleycollege.ca.

Should you require any clarification regarding the Learner Appeals process or help with the preparation for an appeal, please contact the Registrar's Office or the Student Affairs Officer:

registrar@bowvalleycollege.ca

studentaffairs@bowvalleycollege.ca

TRANSFER CREDIT AND PRIOR LEARNING

Do you think that you may have already completed course work applicable to your program? If so, you need to apply to the Registrar's Office for transfer credit.

Transfer Credit is the result of one institution recognizing education completed at another post-secondary institution. Transfer Credit allows learners to use their previous studies towards a new credential at another institution.

Information about Transfer Credit at Bow Valley College:

- A learner must be confirmed or registered in a Bow Valley College career program to qualify for transfer credit.
- Requests for transfer credit must be submitted by the Drop Deadline.
- A course for which transfer credit is being requested must have a final grade.
- Non-credit courses are not eligible for transfer credit.
- Applicants who are denied transfer credit may appeal in writing to the Assistant Registrar, Admissions.
- For more information, please visit the Transfer Credit website: bowvalleycollege.ca/TransferCredit

Academic Information

Steps for Applying for Transfer Credit:

- 1.** Submit a Transfer Credit Form to the Office of the Registrar listing each course you want considered for transfer credit.
- 2.** You may be asked to submit additional documentation such as a course outlines/syllabus or a transcript if you have not done so already. This outline should reflect the course weighting, books used, assignments given, and overall outcome of the course. A course description is not accepted in place of a course outline or syllabus.

Fees

- There is no fee for submitting a transfer credit request.
- An evaluation fee may be charged for courses taken outside Canada.

PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR)

Do you have previous study, work, or life experience through which you gained similar skills and knowledge to what is taught in one of the college courses in your program? If you do, and that previous study, work or life experience has not been formally recognized as college credit, you may be able to get credit by requesting prior learning assessment.

- You may request a PLAR Assessment once you have been accepted or waitlisted to a program, including Open Studies.
- Submit your PLAR request to the program area responsible for the course for which prior learner credit is being requested.
- You will be informed within 30 days as to whether or not the program area agrees to do an assessment or not. If the request is agreed to, the department will inform you of the fee for the assessment, the details of the assessment process, and the timeline for assessment completion.

Academic Information

- You must pay the non-refundable PLAR fee before a prior learning assessment is done.
- After the fee is paid, the program areas will make arrangements with you for the assessment.
- Learners are not permitted to have a prior learning assessment for BVC courses that they have previously failed. Deans may approve exceptions where learners have had further experience or learning opportunities since they took the BVC courses.

BICYCLE RACKS

Bicycle racks are available at various locations outside of the North, South, and West Campuses. Bow Valley College is not responsible for damage or loss of any bikes or locks left on the bike racks. Owners leave their bike and lock at their own risk.

CELLPHONE USE

Turn off the ringer in class. Turn phone to vibrate or just leave it off until class is over. Using your cellphone, camera, or texting is not permitted during exams. Instructors may communicate usage expectations specific to their class.

Be respectable of people around you and use headphones when listening to videos/music or talking on the phone.

Please observe posted signage regarding designated quiet places.

ELEVATOR ETIQUETTE

- People who require assistance with mobility have priority access to the elevator. If the elevator is full, it is appropriate that people get off the elevator to make room.
- If you are able, use the rule of 'walk up one floor and down two,' instead of using the elevator for short trips. It will also help keep you in shape.
- OFF before ON. Please allow individuals off the elevator before attempting to get on.
- Do not hold open the elevator doors with your hands or any other objects like books, binders, or bags. Holding the elevator door causes the elevator to not work properly and potentially result in entrapment.
- Please do not wear your backpack in the elevator. They take up a lot of room and can accidentally harm others in the elevator.
- Push the same button only once: only the first push registers with the elevator system.

Campus Life

- In an emergency, push the emergency call button and slowly and clearly speak to the person answering the call.

EVACUATION PROCEDURES

All campuses at Bow Valley College are equipped with a voice messaging system. This system will give one of two messages depending on the type and severity of the emergency: **“Stand by”** or **“Evacuate”**.

Stand by:

This is a warning that you MAY need to evacuate and should prepare to do so.

- Look for the nearest exit.
- Collect any personal items. Make sure that you have everything that you would need if you couldn't get back into the building (wallet, keys, medication, money, etc.)

Evacuate:

Immediately go to the nearest safe stairwell and exit the building. Emergency Wardens will direct you to the ASSEMBLY POINT.

- DO NOT go to your locker
- DO NOT run or crowd
- DO NOT update social media
- DO NOT use the elevators
- DO NOT return to the building until you're told that it is safe
- DO follow the direction of Emergency Wardens
- DO offer assistance to anyone that doesn't know where to go
- If you need assistance in evacuating, DO tell an Emergency Warden and wait outside of a stairwell. Once everyone has left the stairwell, wait inside for assistance. An Emergency Warden will stay with you.

Assembly Points:

- North Campus: Go to the 1st or 2nd floor of the South Campus
- South or West Campus: Go to the 1st or 2nd floor of the North

Campus Life

Campus

Evacuation Instruction Quick Reference Cards are available from the Campus Security Office in North Campus.

FUNDRAISING

Class or group fundraising for field trips, graduation dinners, and other needs is allowed on campus. However, all activities must be approved by the Student Affairs Officer. POLICE INFORMATION CHECKS

Learners in certain programs are required to submit a current police information check to the Registrar's Office or their program of study prior to entering the work experience or clinical component of their program.

Learners are responsible for applying for and obtaining their own police information check. It is the responsibility of the learner to obtain the necessary information for the record and understand the implications on their work/clinical placement and the licensure and/or employment prospects. For information on how to obtain a police information check, please contact your local police district office.

It is the decision of the practicum agencies to accept or reject a student for placement or observation experience based on the results of your police information check.

If you are unsure if your program requires you to have a police information check completed, please contact your individual academic department.

BVC SMOKING POLICY

In order to maintain a safe, smoke-free workplace, we have updated our smoking policy.

Please note that smoking, including E-Cigarettes, is prohibited on all College properties. This smoking policy extends to employees, students, and visitors of the College.

Smoking is also restricted at all facility entrances:

1) North and West Campus buildings: smoking is not permitted within three (3) meters (9.8 feet) from entrances, exits, balconies, air

Campus Life

intakes, and vents.

2) South Campus building: smoking is not permitted within 7.5 meters (24 feet) from entrances, exits, balconies, air intakes, and vents, including the 4th floor rooftop and the stairs at the 3rd Street entrance.

3) All other regional locations: smoking is not permitted within five (5) meters (16 feet) from entrances, exits, balconies, air intakes, and vents.

Ashtrays are located in the areas where smoking is permitted.

Campus Security and City of Calgary By-law officers will patrol smoke free areas to ensure compliance. Non-compliance can result in fines of up to \$1000 for a first offence, and up to \$5000 for a subsequent offence. The College will also address non-compliance with reference to disciplinary measures in the Employee and Learner Codes of Conduct.

Smoking can lead to serious health issues, and we encourage all BVC learners and employees to live a smoke-free lifestyle. If you need help quitting there are resources available for you at [Health Canada](https://www.healthcanada.ca), or you can consult with your doctor to join a smoking cessation program.

Please refer to bowvalleycollege.ca/publications for the complete, official policy.
