

# Downloading the MS Teams app

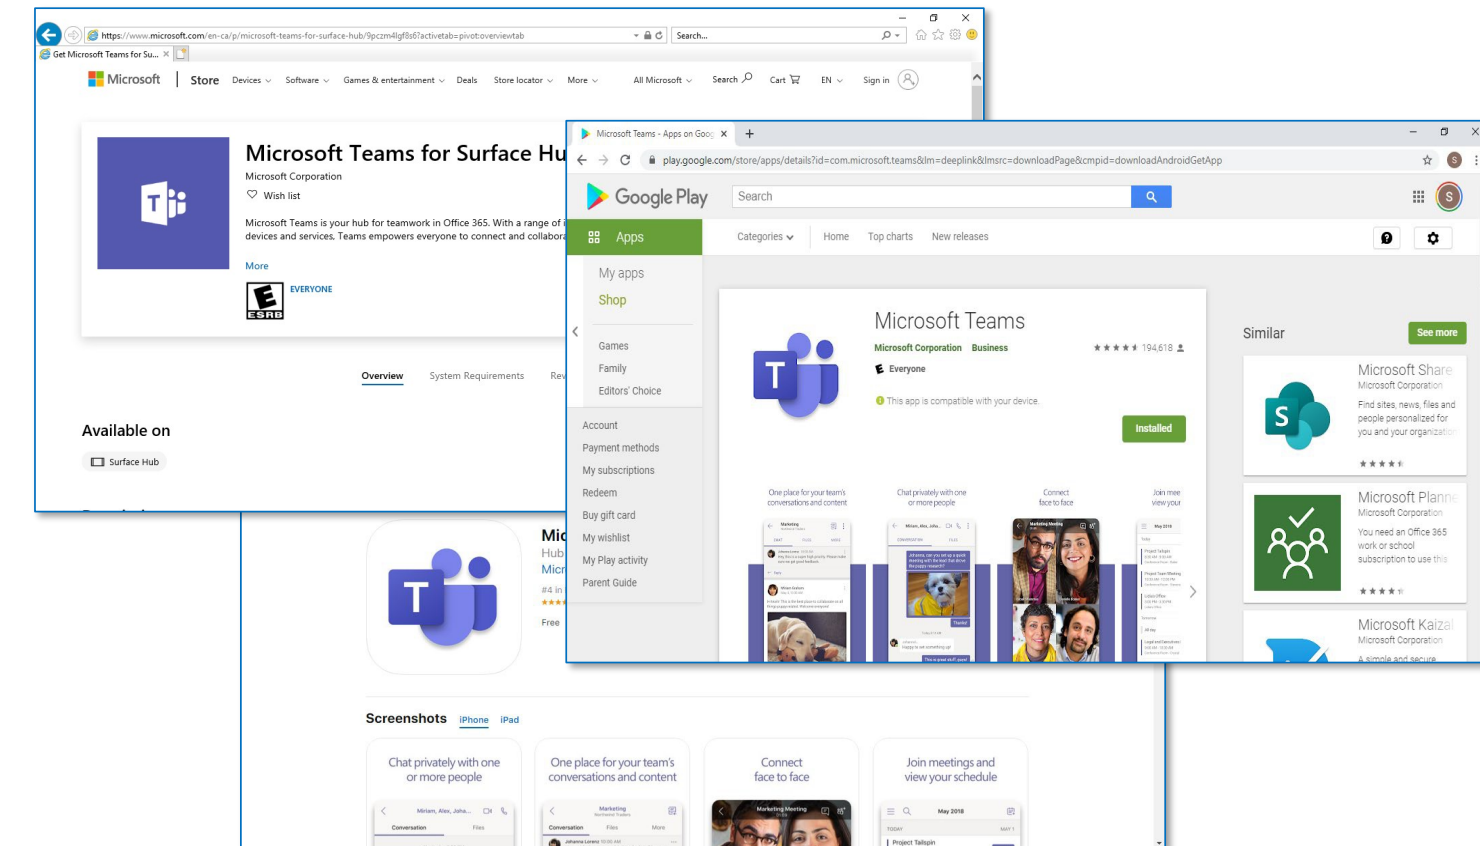

You can access MS Teams via [Windows](#), [Google Play](#) or the [Apple Store](#). MS Teams is also available through most popular web browsers, although MS Teams [will not work with all](#) browsers.

## Option 1: Access downloads for all devices at [teams.microsoft.com/downloads](https://teams.microsoft.com/downloads)

Microsoft makes it easy to locate the version of MS Teams for your own devices and operating systems. Download and install today.

## Option 2: Access specific device OS app stores and/or download sites

Apple, Android and Windows each have free MS Teams app downloads at their media/content stores. Download and install today.
